ESSENCE & PHILOSOPHY

Set along the shores of Kai Bae Beach, The Chill Resort & Spa, Koh Chang opens directly to the sea, where wide ocean views and soft sunset mirages define each evening. Surrounded by greenery and clean sandy beaches, the atmosphere feels calm, open, and naturally inviting.

Designed to be your second home, The Chill combines relaxed modern style with quiet elegance. With just 38 rooms, the resort offers a sense of privacy and intimacy, shaped by harmonizing lines, lush tropical gardens, water features, and the soothing sounds of the ocean.

Swaying coconut palms, sea breezes, and crystal-clear waters create a setting where time slows, and every moment feels effortlessly memorable.

The Chill welcomes families and pets, ensuring every guest feels completely at home.

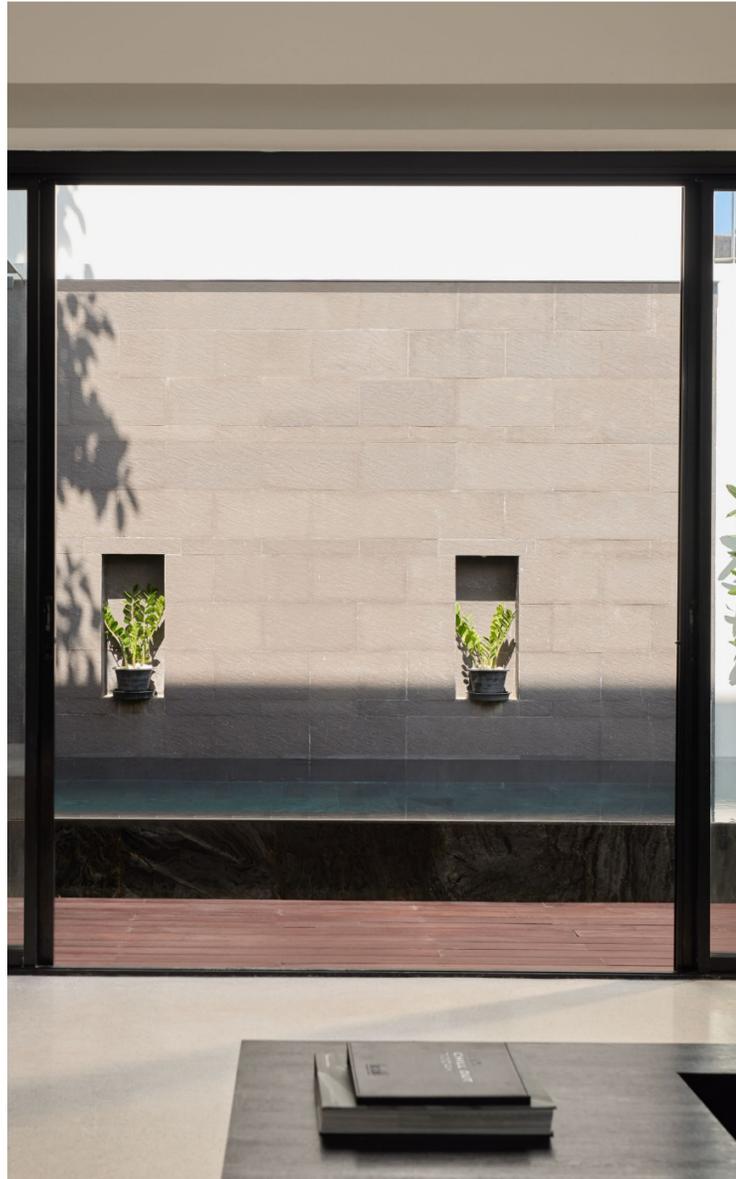

DESIGN CONCEPT

The Chill design reflects a modern tropical sensibility where design plays with black and white contrasts, softened by fluid curves and open, light-filled spaces. Clean architectural lines are balanced with organic forms, creating a look that feels both bold and relaxed.

Natural light, open air, and reflective surfaces allow the surroundings to flow effortlessly indoors.

Minimalist architecture is accented with curated art and sculptural details, creating a refined atmosphere that feels calm, contemporary, and naturally connected to the sea.

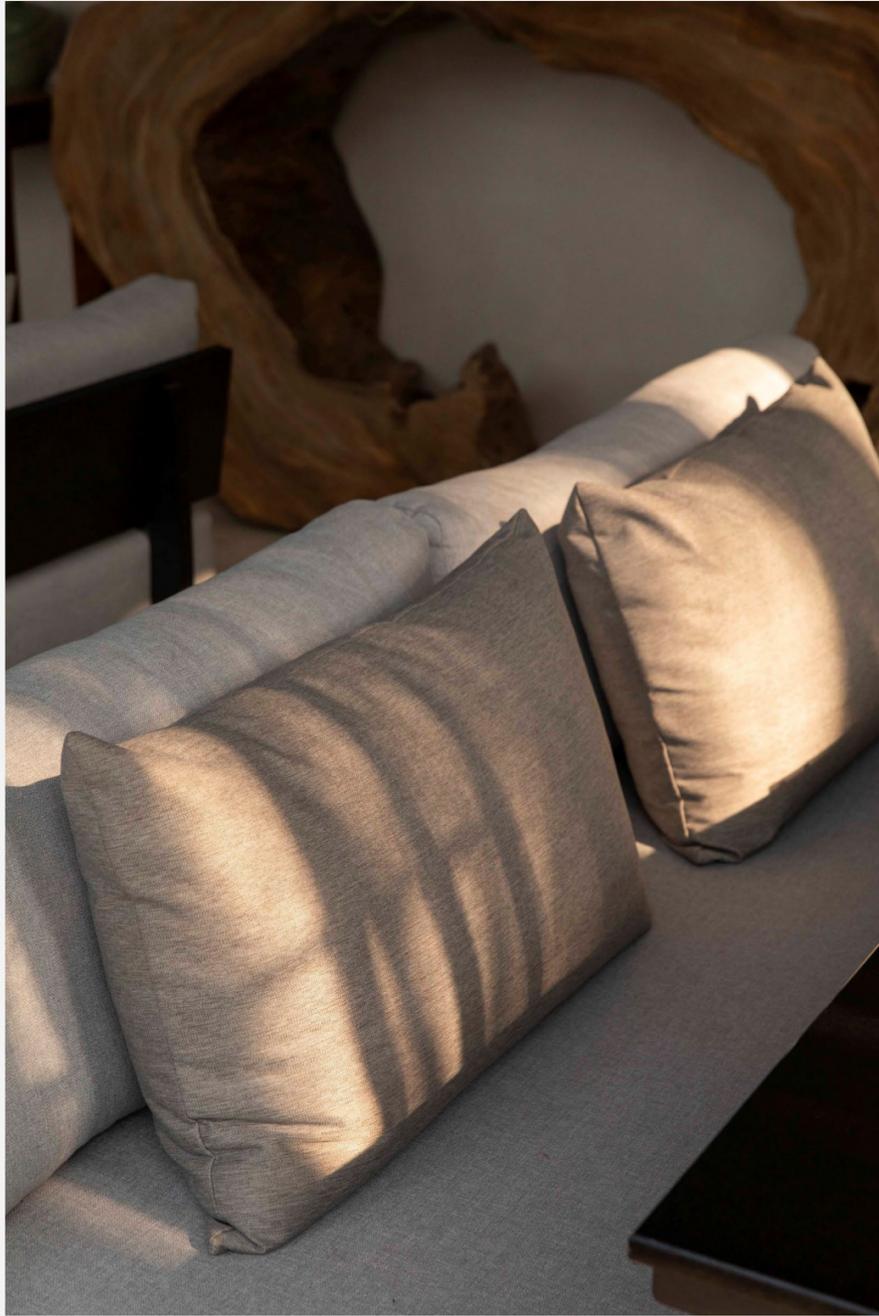

ACCOMMODATION

With just 38 rooms, including duplex pool villas and suites, The Chill offers an intimate, relaxed stay. Rooms feature a modern black-and-white design, softened by gentle curves, natural light, and open, airy layouts.

Each space opens onto a private balcony or terrace, surrounded by lush greenery and fresh sea air. Some rooms look out toward the Gulf of Thailand, while all are shaped to feel calm, open, and connected to nature — a place to slow down and feel at home.

The Chill Library

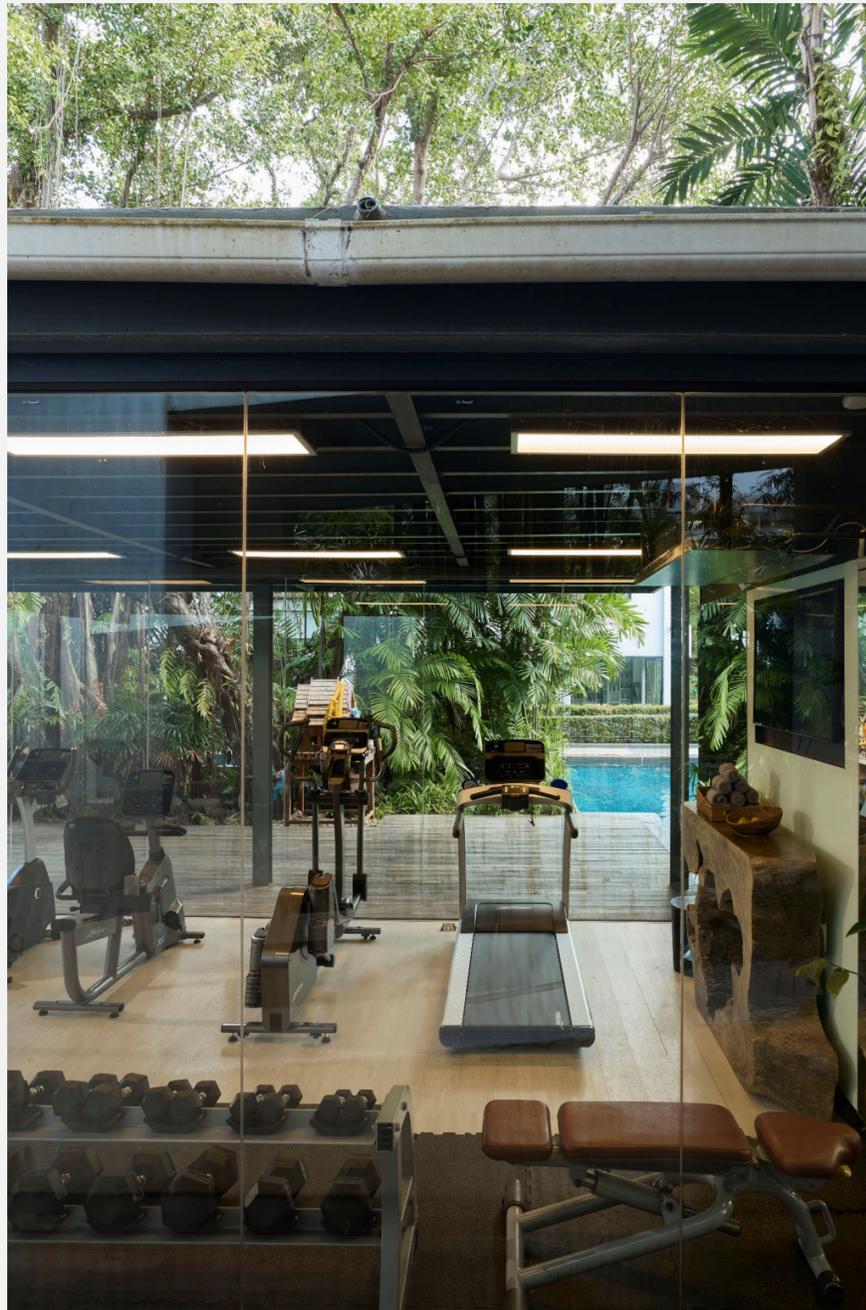

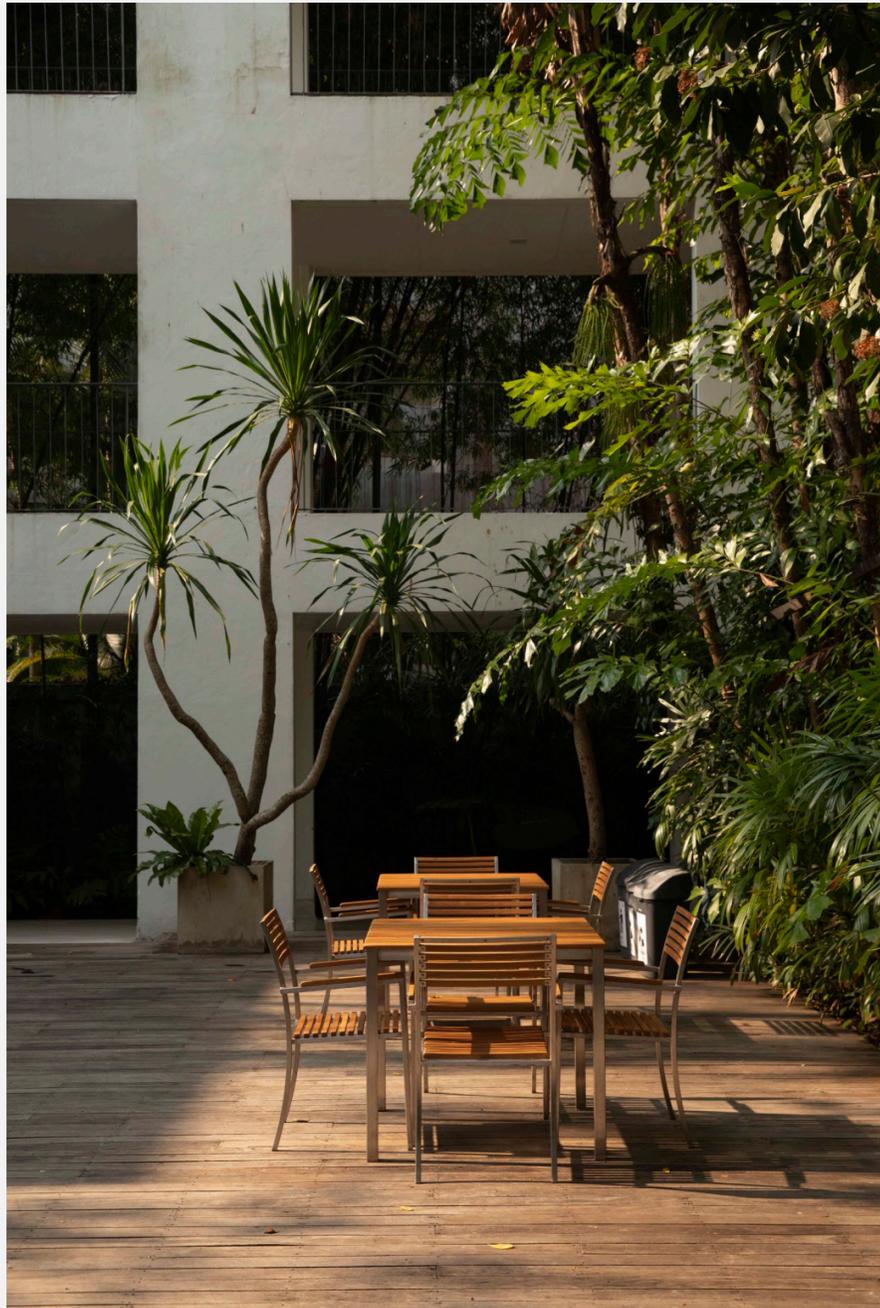

The Chill Library is a relaxed gathering space designed for quiet moments and easy connection.

A place to read, watch films, play board games, or enjoy casual karaoke, it offers a comfortable setting to unwind, spend time together, or simply slow down at your own pace.

The Chill Spa

Located above the library, The Chill Spa offers a quiet place to unwind. Traditional Thai massage and a sauna provide simple, effective relaxation, making it easy to slow down and reset during your stay.

The Chill Fitness

Set within the courtyard, Chill Fitness is a light-filled gym designed for easy, everyday movement. Modern equipment sits within an open, relaxed setting, surrounded by greenery and natural light.

Yoga sessions take place in the courtyard, where fresh air and a quiet atmosphere support gentle movement and balance, offering a simple way to stay active while connected to the outdoors.

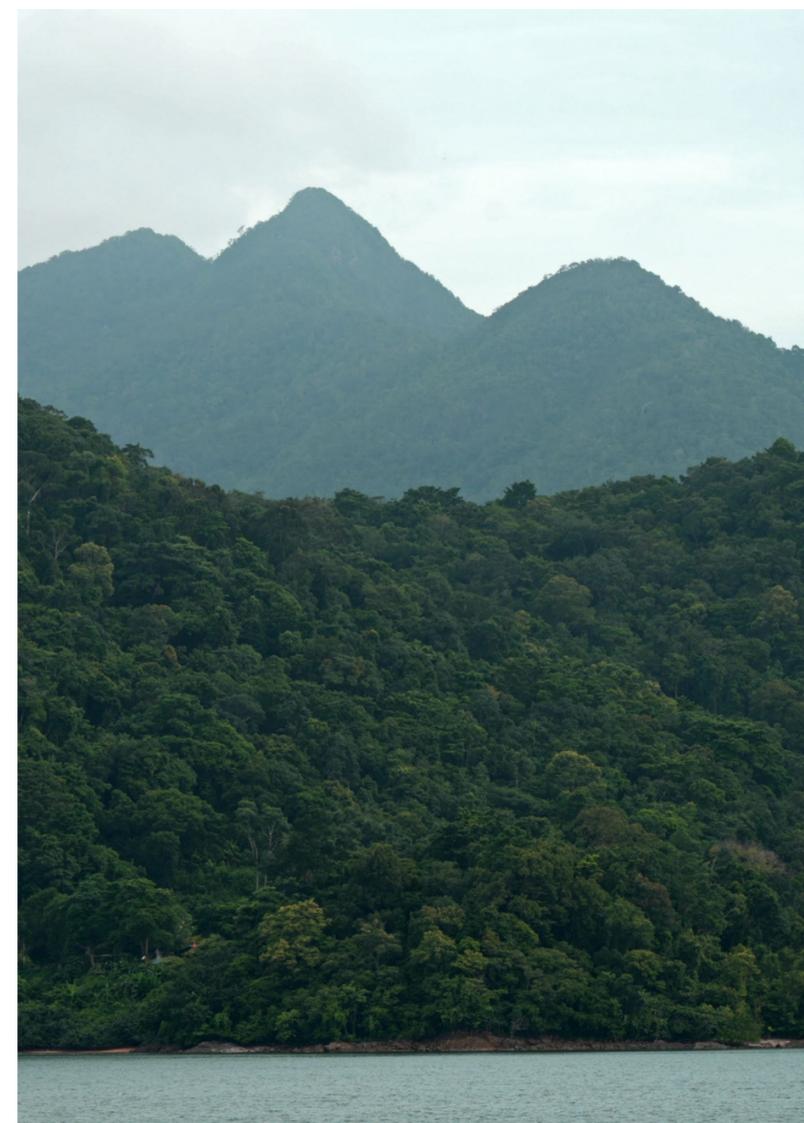

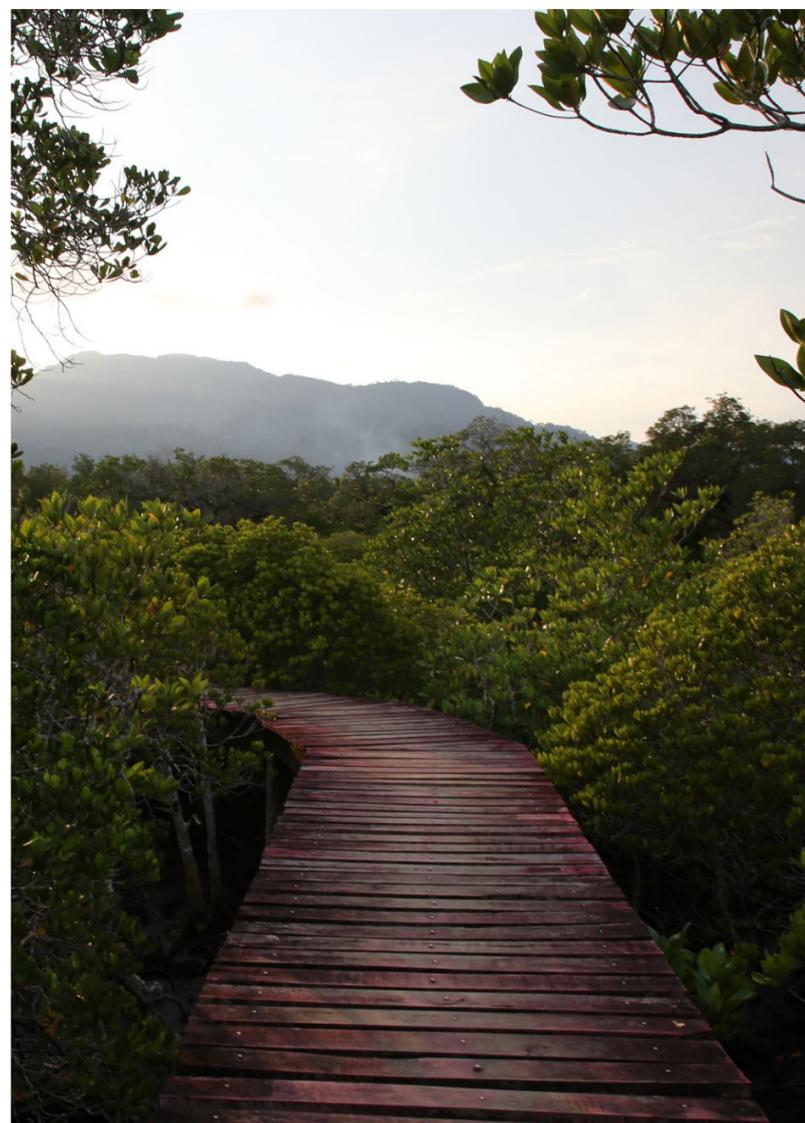

Sustainability

Guided by respect for Koh Chang's natural beauty, sustainability is woven into every part of our operations. From the use of solar energy to thoughtful waste management and a composting program that supports our gardens and local community, each effort is designed to reduce impact and care for the environment.

LOCATION

The Chill is located on the western shore of Koh Chang, Thailand's second-largest island and part of Mu Ko Chang National Park. Set between the sea and forested hills, the resort opens to wide views of the Gulf of Thailand, where ocean, greenery, and everyday island life come together naturally.

GETTING HERE

The Chill is located in Trat Province, eastern Thailand. Koh Chang is easily reached by a 30-minute ferry from the mainland, followed by a 25-minute drive to the resort.

Trat Airport offers daily flights from Bangkok, or guests may choose a scenic five-hour drive from Bangkok to the pier before crossing by ferry.
